District Highlights

Budgeting Updates

Where are we in the process?

- Budget Planning currently in-progress
- More detailed update to share in February
- Final budget submission in March

Where can the community help?

- We need to all advocate to ensure we receive the same amount of state funding we did each of the past two years.

District Highlights

Monthly Approval Processes

Change:

- Streamline the Monthly Board Report by removing purchases totaling less than \$40,000
 - These items will continue to appear on the Monthly Bill List
- Resolutions for items \$40,000 and above will remain on the Agenda with full descriptions

Rationale:

- Reduces the number of approvals required for items that have already been approved in the current budget
- Less time and work hours required for both Central Office and School Based Staff
- Less paperwork for Central Office and fewer pages for the Board to review
- Gives schools and Central Office staff more purchasing flexibility on quick timelines

All changes are in line with purchasing regulations and based on feedback from partners at the County/State level.
