“We support Governor Murphy’s decision to require all staff and students to wear masks at the start of the new school year,” said Camden City School District Superintendent Katrina T. McCombs. “With schools opening in just over one month, it remains vital to prioritize the health and safety of our school community so that we can return safely to full in-person learning. In the meantime, we will continue to encourage all families, staff, and our Camden community-at-large to get vaccinated.”
