

INCREASING BUS ACCESS & STUDENT SAFETY

IT STARTS WITH SAFETY

Promise 1 of the Camden Commitment is Safety, so the District takes many steps to help make sure students get to and from school as safely as possible.

THE DISTRICT SPENDS
ON BUSING EACH YEAR

EVEN SO

Hundreds of high school students still
were walking more than two miles
each way to school **every day**, often
through dangerous areas. A community
walk in June highlighted this fact.

Additional District
investment

The District is making room in its budget to make sure several hundred more students have access to NJ Transit bus passes. This is incremental progress, one step forward in better serving our families.

WHAT HAPPENS NOW

Eligible students will be contacted by their schools to confirm their information and will then receive NJ Transit passes.
