# Agenda

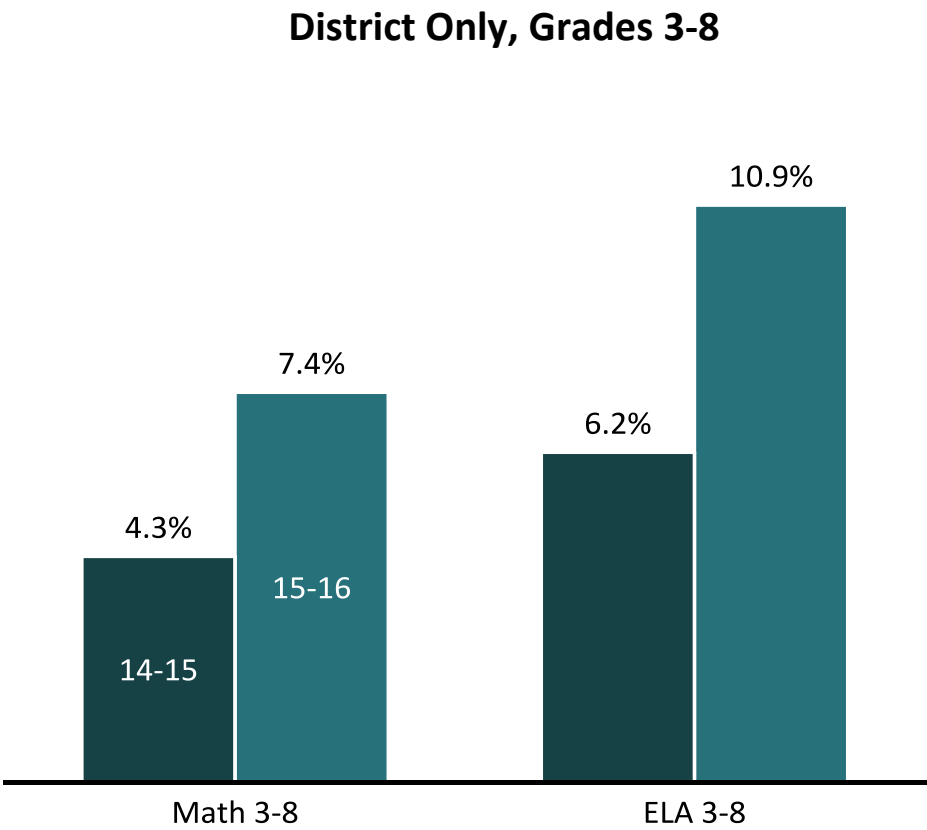

---

1. Camden City School District
2. Renaissance Schools
  - a. Mastery Schools of Camden
  - b. KIPP NJ
  - c. Camden Prep
3. Guest Speakers

2015-16 PARCC RESULTS SUMMARY

CCSD: Proficiency

The results of the District show promising gains, but there remains a lot of work to do.

Overall, the District had **over 120 more** proficient students in math and **nearly 250 more** in English language arts.

\*Overall, 2,438 District students in grades 3-8 took the math exam, and 2,407 District students in grades 3-8 took the ELA exam.

## CCSD: College and Career Readiness

**PARCC is currently one way high school students can meet their graduation requirement. Some students are meeting the bar, and with support more students will get there.**

\*Overall, 410 District students in grades 9-12 took the Algebra II exam, 365 District students in grades 9-12 took the Algebra exam, and 1,286 District students in grades 9-12 took the ELA exam.

### CCSD: Next Steps

---

**District teachers and administrators are focused on building on this progress and improving performance.**

**Here are a few major focal points of this instructional work for 2015-16:**

1. Adding operational support
2. Providing earlier literacy interventions
3. Training teachers and principals

2015-16 PARCC RESULTS SUMMARY

CCSD and Renaissance Partners: Combined Proficiency Results

When taken together, the results of the District and its renaissance partners show promising gains, but there remains a lot of work to do.

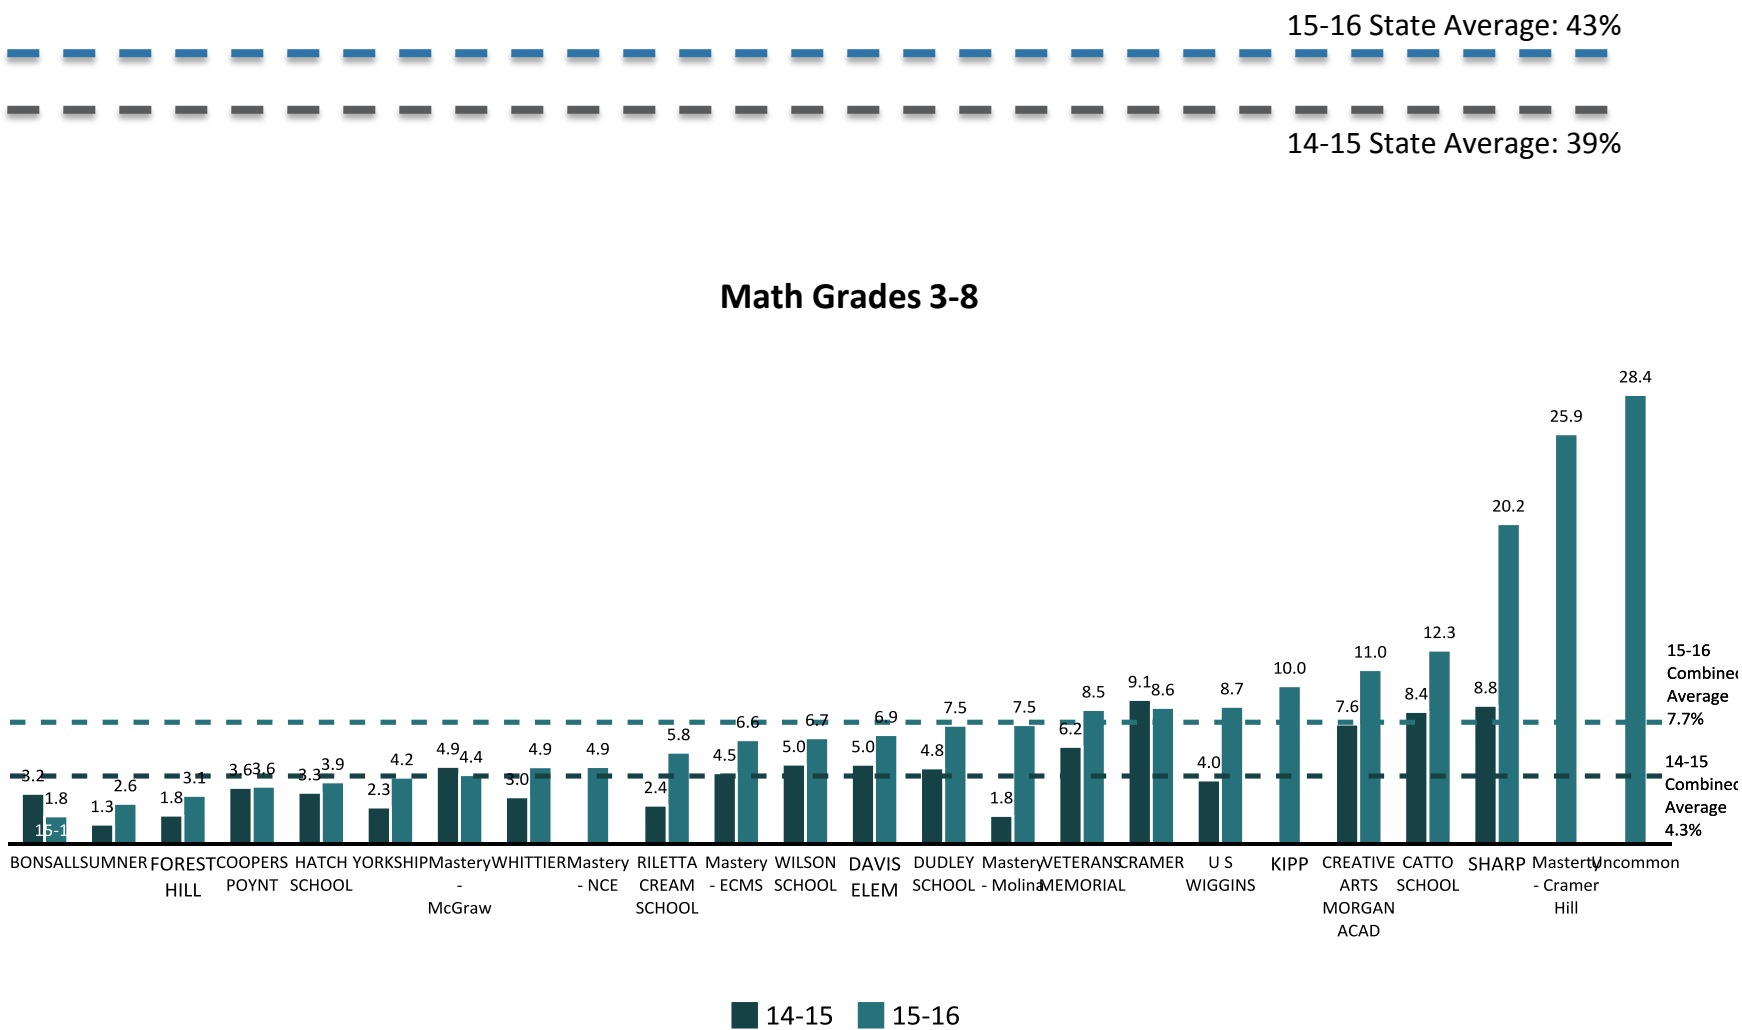

District and Renaissance Together, Grades 3-8

# 2015-16 PARCC RESULTS SUMMARY

## CCSD: Proficiency: K-8 school-level change

There was widespread improvement in math, and collectively we have a long way still to go.

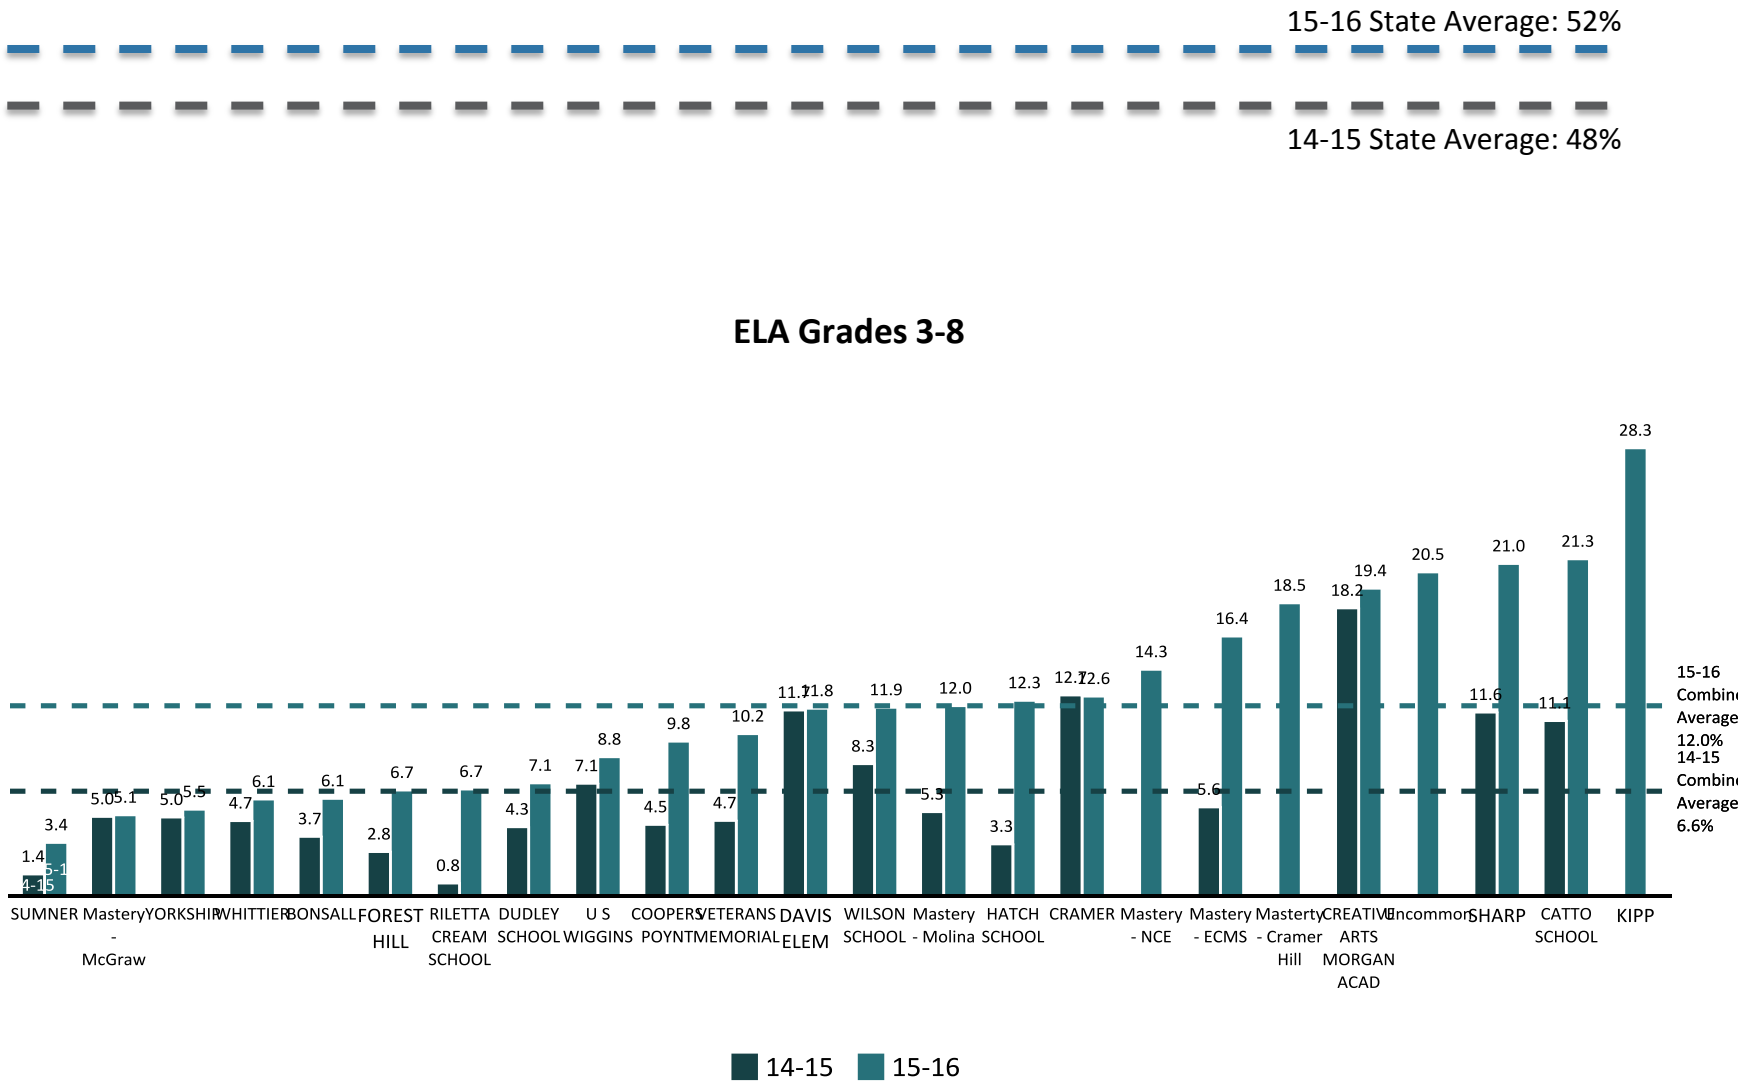

\*Several schools did not have results from 14-15

# 2015-16 PARCC RESULTS SUMMARY

## CCSD: Proficiency: K-8 school-level change

There was widespread improvement in ELA, too, and we also have a long way still to go here.

\*Several schools did not have results from 14-15

# 2015-16 PARCC RESULTS SUMMARY

## Mastery: Proficiency

Looking at the same students, year over year can provide a better measure of progress.

MATH – Same students

ELA – Same students

\* 377 Mastery students took the math exam, and 375 Mastery students took the ELA exam.

2015-16 PARCC RESULTS SUMMARY

KIPP: Proficiency

Looking at the same students, year over year can provide a better measure of progress.

MATH – Same students

ELA – Same students

\* 122 KIPP students took each exam.

2015-16 PARCC RESULTS SUMMARY

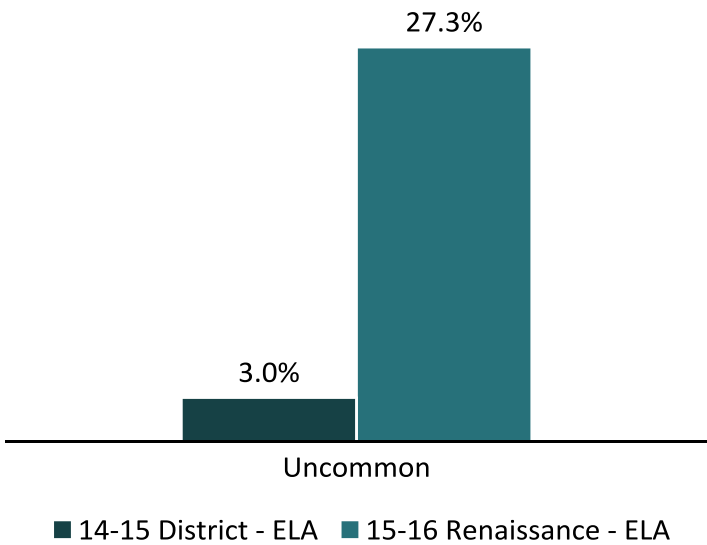

Camden Prep: Proficiency

Looking at the same students, year over year can provide a better measure of progress.

MATH – Same students

ELA – Same students

\* 36 Camden Prep students took the math exam, and 33 Camden Prep students took the ELA exam.

## Moving in the right direction

Thanks to leadership from Mayor and Board, Camden public schools are moving in the right direction.
