STEM Camden Fest Celebrates Science, Technology, Engineering, and Mathematics Education in the Camden Community

CAMDEN, NJ, March 30, 2023 – The City of Camden, Camden City School District, STEM Global Action, and Quality Packaging Specialist International LLC are proud to present the STEM Camden Fest, a free event aimed at promoting and celebrating Science, Technology, Engineering, and Mathematics (STEM) education in the Camden community. The festival will be held on **Saturday, April 1, from 9:00AM to 12:00PM at Morgan Village Middle School located at 990 Morgan Blvd, Camden, NJ**.

The STEM Camden Fest will feature over 60 hands-on activities from local STEM organizations, educators, and industry professionals. The event will provide an opportunity for youth to engage in a variety of STEM-related activities, including racing remote control cars, designing and programming robots, flying drones, and much more. The festival will showcase the excitement and importance of STEM education in our community.

Members of the media are invited to attend the STEM Camden Fest and are welcome to cover the event. Interviews with event organizers, educators, and participants will be available upon request.
