<p>Maria DeJesus</p>	<p>Good Evening Board Members</p> <p>My name is Maria Dejesus I have a daughter that attends Dudley school and I have been multiple times to the school to complain about my daughter's lunch. The school keeps telling me the same thing. There's nothing that can be done at the moment but to send my daughter with her own lunch if she doesn't like the school lunch so she won't be hungry all day. I ask them if they can change the school menu so they don't have to eat frozen or hard pizza. I have told the school multiple times that it is unacceptable what they are doing and that last year food was way better than this year. I have had enough of this issue. I cannot afford to keep sending my child to school with food from the house when all the school need to do is change the menu. If the food is going to be served cold then change/give cold sandwiches. If the issue continues, I will have to take matters into my own hands and contact the national food program. My questions is, would you eat frozen food or allow your child to eat frozen food? what is the food safety program in place at the schools, processes for food preparation and how are they being overseen?</p>
----------------------	--

	<p>Thank you for your time</p> <p>Maria Dejesus</p>
	<p>Greetings to all here tonight. My name is Angela Muhammad and my child attends a district school. Tonight, I want to express my gratitude for the new changes in our childrens lunch menus and am hopeful there's more still to come. As vegetarians, it can get pricey to send off lunch each day. Even though my son mentions the school lunch salad is much better and tastes better than before, what other options do our students who don't eat meat or are vegetarians have?</p> <p>Please understand I'm not here complaining, I'm just asking because salads shouldn't be their only option for a vegetarian meal at school and for parents that are on fixed income can't afford to send lunch everyday.</p> <p>My son is happy with the salad option but what happens when he is over eating salads each lunch. Are there/will there be any other options?</p> <p>I thank you very much for my time tonight.</p> <p>Angela Muhammad</p>
JC	<p>My child attends FH school. My child is autistic and they provide resources for him. He does not get to participate in after school and extracurricular programs due to his special needs. If there were programs tailored to him, this would help him do better in school and other students with special needs.</p>
JO	<p>Good evening. Congrats to Nyemah and Falio and Danielle. This past week at United Council meeting we had the opportunity to share with parents of all school types. PArnts transparency was helpful. How can we encourage more parents to be active by coming to the meetings?</p> <p>It sucks knowing that even though we have great resources parents do not use them. Before the pandemic, we used to have to come early to get a seat at the meetings. Now theres no one there. Was it better on Zoom?</p>
