Category	Martha F. Wilson Early Childhood Development Center
Access	Public
Type	Action (Consent)

Martha F. Wilson ECDC is asking for permission to host a Book Fair in March 2024 during Literacy Week to promote reading. Book fairs introduce preschoolers to a wide variety of books, including picture books, interactive books, and books with multiple themes and topics. This exposure helps in building their interest in reading from an early age. Reading exposes children to new words and concepts, which can expand their vocabulary. The book fair will promote their cognitive development so they can learn to focus their attention, understand story sequencing, and make connections between words and images. Exposure to books at the book fair contributes to the development of early literacy skills, such as phonological awareness, print awareness, and comprehension. Book fairs also foster family engagement and allow students to start building their home library.

We will be utilizing Lites Horse Ranch as an interactive vendor for our event.

This event will be of no cost to the board.
