**Camden City School District Seniors Attend Extrication Demonstration by
Camden City Fire Department**

Camden, NJ – The Camden City School District and the Camden City Fire Department invites members of the media to an extrication demonstration at Eastside High School, scheduled for Wednesday, May 8, 2024. This educational event aims to promote safe driving among students ahead of the prom season.

The demonstration will showcase the technical and life-saving skills used by firefighters during vehicle extrications following traffic accidents. This event is part of a broader initiative to raise awareness about the consequences of reckless driving, especially pertinent to young drivers during prom season.

Who: Camden City Fire Department and Current Eastside High Seniors

When: Wednesday, May 8, 2024

Where: Eastside High School | 3100 Federal Street (Near the colorful tiger statue at Dudley Grange Park)

Media representatives will have the opportunity to capture footage of the live demonstration and interact with the firefighters to discuss the importance of vehicular safety.
