New Jersey Manufacturing Extension Program to host Future Makers & Creators Tour at Camden High Campus

Camden, NJ — The New Jersey Manufacturing Extension Program (NJMEP) is proud to sponsor the Future Makers & Creators Tour at Camden High Campus on November 19, 2024. This initiative offers students hands-on experience with advanced manufacturing technologies, including virtual reality welding, 3D printing, and robotic arms, aiming to inspire the next generation of innovators and creators.

Key Highlights:

Interactive Demonstrations: Students will engage directly with cutting-edge manufacturing equipment, providing a tangible understanding of modern manufacturing processes.

Career Exploration: The event will showcase diverse career opportunities within the advanced manufacturing sector, aligning with Camden City School District's commitment to creating pathways into this field.

Educational Alignment: Camden High Campus students have the opportunity to earn the Manufacturing Skill Standards Council (MSSC) Certified Production Technician certification through their Engineering program. Additionally, the district plans to introduce welding and advanced manufacturing programs at the new Eastside High School.

WHEN: November 19, 2024 | 9:00 AM - 1:00 PM

WHERE: Camden High Campus
1700 Park Blvd. Camden, NJ
